Beatrix Potter A Lasting Legacy

Beatrix Potter Studies XVII

The Seventeenth
Beatrix Potter Society
International Conference
coincided with the
150th anniversary
of Beatrix's birth
and celebrated her legacy.

This new addition to the
Studies series publishes
the talks given at that
Conference.

It describes many aspects of her work beyond the much-loved 'Peter Rabbit' books: the stories left unpublished in her life-time, such as *The Tale of Kitty-in-Boots*; her inspirational artwork; her love of the Lake District and her relationship with the local farmers once she had settled there; her bequests of land and how these fitted in with the ethos of rural conservation and with the holdings of the National Trust in the 1930s and 40s; and the unplanned legacy of her coded *Journal* and her letters to people from all walks of life.
